

Third's Word

Active Classroom Learning

Literacy: - We learnt how to write a short story from – Something happened in my street. We also learned about describing through adjectives.

Numeracy: - We learnt about 2D shapes, length –to measure different lengths and to convert length. We are able to add and subtract two and three digit numbers bridging with multiple of 10, and now we know to multiply 3, 4 6 and 8 times table. Learning times table through songs were unbelievable.

Geography: - We enjoyed learning about, changing weather conditions. We can see the change in weather currently as autumn got over and winter is on its way.

Science: - We are currently learning about Helping plants grow. We learnt about functions of parts of plant, different types of roots, how water is transported through stem and why do leaves matter.

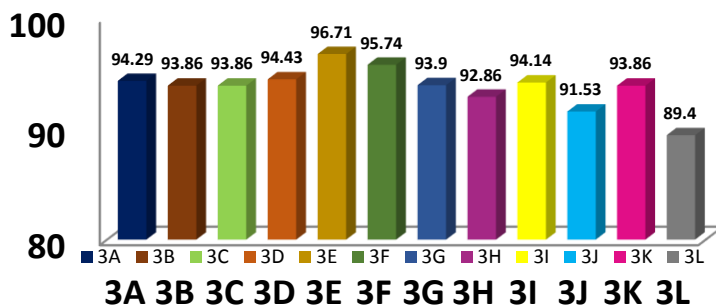

History: - We are able to explain the food habits in Ancient Greece, The importance of farming in Ancient Greece, and the type of food commonly used by the Greeks.

ATTENDANCE SUMMARY NOVEMBER 2014

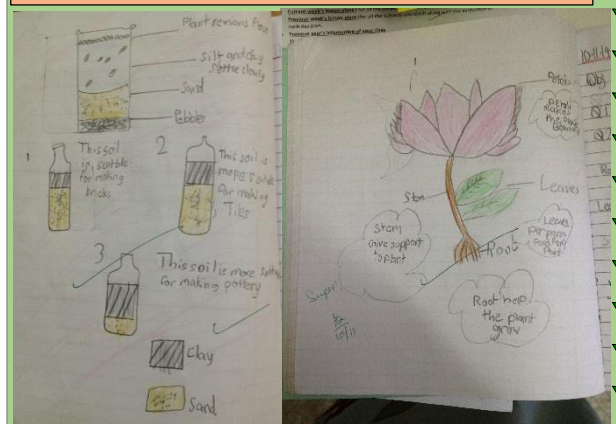

Musical Show-Aladdin

Aladdin, a musical story based upon the famous tale from “The Arabian nights” was magically brought to life. Aladdin was a delightful, musical comedy show with plenty of audience participated from year 3 and it was interactive fun filled with music and catchy songs. The 60 minute show kept our pupils engaged throughout.

Some good work by us

United Arab Emirates national day

Preparation for National Day started with decorating the class and our corridors, our corridor was looking fantabulous.

'Today was an amazing day! I enjoyed every bit of celebration from decorating the class to walk for UAE to end of the day.

Wow..... I wish every day was UAE day!' Says Diane

"I loved the henna designing and the dance" Says Basamala.

Every child in our class got had the opportunity to participate in one form or the other and enjoy the day! The 'Walk for UAE' took its own ineradicable memories left on our minds and our cameras!

End of Term

At the Westminster School learning is a balance of academics and fun-filled happenings. Can you believe it is December already? The term ends the day before winter vacation, and the year will be over! We did lots and are now waiting for our winter vacations to have fun!! Some of us have planned for our holidays already!!!
WOW!.....
